Total Uncleared Forms 112*							
*Represents 18% of project which is 72% complete.							
2. Interviews by Representative from the Inspector Generals Office- Mr. of this Branch were interviewed privately and individually yesterday by Mr. from the Inspector General's Office. This is the first of such interviews which it is understood will be conducted periodically on a continuing basis.							
3. Employee Suggestion #1477 — Through the development and installation of "World Immunization Record" Form No. 251 in the Medical Office, an annual tangible savings of \$7,583.32 will be realized. This savings is based on release of safe files, floor space, and man hours spent on filing and finding. Savings are also realized through the elimination of telephone calls and numerous controlled and uncontrolled forms.							
Pending Projects DD/S Area							
1. Preparation of Contract Covering the Purchase Connection with Reproducible Systems - Sever recently been held with Mr. of the Procure of the Printing Service connection with Agency requirements for forms used with reproducible system applications.
